

SIDELINE CHEER

JUNIOR FOOTBALL

Join the first-ever junior football sideline cheer program for girls and boys aged 3 and above. Volunteer coaches are needed to establish multiple squads supporting junior football teams. Participants will have two training clinics covering cheers, chants, dances, and jumps, with a focus on routines for playoffs and championships. All participants will receive GPX Sideline T-shirts. Stay updated on enrollment through the GPX All Star Cheerleading Facebook page.

SEASON BEGINS AUGUST 12TH

ABOUT US

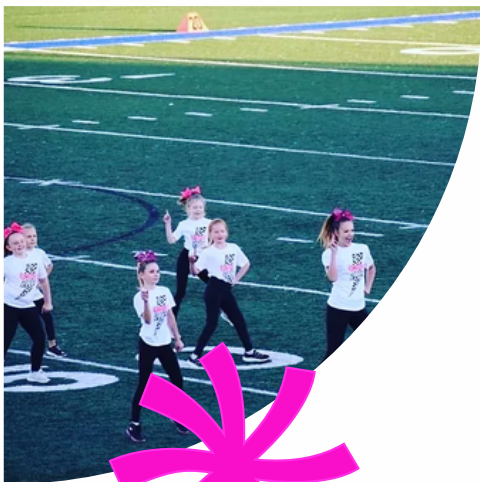

A cheerleading enthusiast moved to Gillette and discovered the absence of cheerleading in the community. I started coaching gymnastics, then cheerleading programs, and eventually founded an all-star cheer squad called Gillette Pink Xplosion, which later changed its name to GPX All Star Cheerleading. The program has grown into three different teams and now has its own location in Gillette. My vision is to get many children of all ages involved in cheerleading to promote an active lifestyle.

While there are numerous components to cheerleading, our ultimate objective is to cultivate an environment where children can thrive both within and outside of the gym. At our program, we strive to instill discipline, confidence, work ethic, and self-esteem in every athlete, regardless of their age.

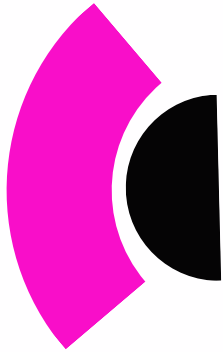

OUR VISION

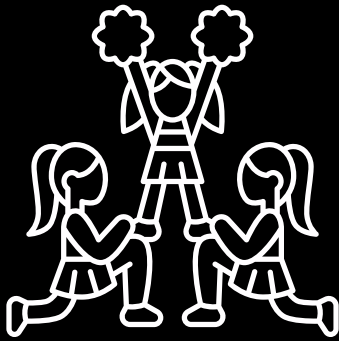

At GPX All Star Cheer Program, we value equal opportunity and believe that cheerleading should be accessible to everyone. We strive to spread our enthusiasm, positivity, and winning spirit, encouraging others to join us at an affordable rate. Our commitment to nurturing the character of our athletes is reflected in our supportive learning environment, which encourages self-motivation, hard work, respect, and personal and team achievements. Our goal is to provide a glimpse of the excitement that cheerleading can bring to the sidelines. Ultimately, we aim to help our athletes perfect their cheerleading skills, build a strong community, and instill confidence in each and every one of them.

OUR MISSION

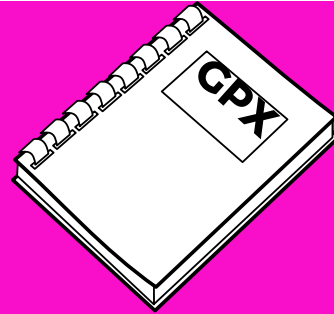

- R** Responsibility - Great things are achieved when all members of a team are responsible for their actions and accountable to each other.
- E** Esteem - Children build self esteem when surrounded by adults and peers who encourage them to be their true selves and celebrate all progress, no matter how small.
- S** Spirit - A spirit of enthusiasm for your work and teammates helps push a team past setbacks and obstacles to success.
- P** Perseverance - Perseverance is more important than skill and talent when working towards a goal.
- E** Excellence - A dedication to excellence becomes a habit that raises everyone up to being their absolute best at all times.
- C** Confidence - Confidence in young children and teens will help them achieve more in school, avoid negative peer pressure, and believe in their ability to achieve.
- T** Teamwork - On through teamwork - which involves self sacrifice, humility, trust and friendship - can all our athletes grow to be their best selves.
