

GPX CHEER

Enrollment

WELCOME TO SEASON 12

Where every athlete has a place in our kingdom. Whether you're stepping onto the mat for the first time or continuing your journey, you belong here. This season, we rise together, support one another, and build confidence, strength, and lasting friendships. Your reign starts now.

WHO WE ARE

At GPX Cheer, we're more than a gym; we're a community built on confidence, teamwork, and unstoppable energy. Founded in 2015, GPX has been on the rise ever since—growing stronger each season as we build athletes, leaders, and a legacy of excellence.

We offer classes for every age and level, from toddler cheer to all-star competition teams, giving every athlete a place to grow. Our experienced coaches, positive environment, and skill-building programs set us apart, helping athletes feel supported, motivated, and excited to learn. When you choose GPX, you're choosing a cheer home where your athlete can build skills, friendships, and confidence that last far beyond the mat.

WHAT TO EXPECT

Every athlete in our Novice through Elite tiers will take part in both GPX Royal Camp and Choreography Week. Two essential moments where our season begins to take shape.

Our competition season officially launches in early November and can extend through early May. Throughout the season, athletes will take the floor at:

- Showcases
- Travel Competitions
- Local Performances

The Standard

This is a program built on commitment, accountability, and confidence. When you join GPX Cheer, you are stepping into something bigger! A team, a culture, a standard.

The crown isn't given... it's earned.

These events are mandatory, as they are where our athletes represent GPX and take their place on the mat.

To ensure success, additional practices may be scheduled throughout the season as we prepare to perform at our highest level.

THE ROYAL COMMITMENT

At GPX Cheer, this is more than a season; it's a year-long reign. Our competitive season begins in May and continues through the following May, creating a full year of growth, discipline, and excellence. With this level of commitment, we uphold a structured attendance policy to ensure every athlete is prepared to perform at their highest level. While summer is considered our "off-season," it is where champions are built. This is the time for skill development, stunt and pyramid progression, and the foundation of our routines.

Attendance expectations are slightly more flexible during this time; however, missed practices or camps may impact an athlete's skill sets. We require at least one day a week during the summer in our 3 day week schedule option. In the GPX kingdom, priority creates power; we encourage every athlete to show up, stay consistent, and commit to the process.

The Royal Selection Process

GPX Cheer Evaluations mark the beginning of our season and are designed for families ready to fully commit to the journey. Teams are built from the athletes who show up, put in the work, and rise to the moment. At GPX, every athlete earns a place on a team, because every athlete has a role in the kingdom. Athletes will be placed based on age and skill progression, with divisions including:

Tiny- Novice

Mini/Youth LVL 1

Junior/Senior LVL 1

Youth/Junior LVL 2

* The Royal Selection Process .Cont,

Final team placements will be confirmed in mid-August through September. Until then, athletes will train together while our coaching staff evaluates:

- Skill development
- Stunt ability
- Progression and work ethic
- Overall readiness

With coaches across all tiers, we ensure every athlete is placed where they can grow, build confidence, and succeed.

GPX Cheer will hold Open Enrollment on May 1st from 4:00–5:30 PM. This will be an open-door event where you can meet our coaches, ask questions, and pick up your raffle tickets and contract for the upcoming season.

If you're unable to attend during this time, please contact GPX Cheer to arrange another time to collect your materials.

We look forward to welcoming you to the 2026–2027 season—where it's your time to rise, reign, and take the crown.

TEAM SKILLS

◆ — ALL SKILLS — ◆

All competition skills are not required—these are simply the guidelines that competitions use. Our job as coaches is to meet each athlete where they are and help them grow from there. You'd be surprised what skills can develop over the course of a single cheer season, especially in a year-round sport like ours. We have the unique opportunity to continuously work on new skills while also strengthening core and overall muscle development. After all my years of coaching, my goal each season is to either learn something new or truly perfect a skill we already have. During competition season (November–May), our focus is on cleaning, perfecting, and confidently executing routines. In the summer months, we shift gears to building new skills, increasing strength, and laying the foundation for the next season. Again, it's amazing what athletes can accomplish in such a short amount of time with consistency and hard work.

TEAM SKILLS

◆———— Level 1 Novice ———◆

STANDING: FORWARD ROLL, FALL TO BRIDGE,

RUNNING: CARTWHEEL, HANDSTAND

ALL SKILLS WILL BE TAUGHT . WE LOVE TO WORK WITH BEGINNERS THIS IS OUR AREA TO TRAIN ALL ATHLETES THE GPX WAY.
